

VARIANT AGRO BUILD

GRAIN TRUCK-20

# Grain truck

## TECHNICAL CHARACTERISTICS

Characteristics	Unit	GT-20	GT-20/2
Body unloading system	-	auger-type	auger-type
Unloading speed	min	3	3
Full weight (max)	kg	22 600	20 000
Weight of equipment (max)	kg	5 600	5 300
Load capacity (max)	kg	17 000	14 300
Body capacity	m <sup>3</sup>	22	20
Overall dimensions:			
- length	mm	6 000	7 500
- width in assembled/disassembled position	mm	4 100/6 250	2 600/3 000
- total height assembled/disassembled position	mm	3 850/4 980	3 850/4 300
Height:			
- loading, min (from the right side)	mm	3 550±30	3 400
- - unloading (along overhead guard of auger from the right side)	mm	3 900 - 4 425	3 975 - 4 825
Suspension	mm -	stiff (is absent)	tandem, biaxial, dependent with leaf springs and torque arm
Wheel track	mm	3 246±2	2 160±2
Wheels		disk	disk
- tire type		DW21B	16.00x22.5
- tire size		tubeless 650/75 R32	tubeless 560/60 R22.5
Brakes:			
- type		hydro/pneumo	hydro/pneumo
- power supply	-	tractor system	tractor system

## ADDITIONAL OPTIONS

- ◀ Waterproof canopy
- ◀ Canopy folding/unfolding system
- ◀ Weighing systems with thermal printer, GPS, GPRS
- ◀ Detachable corrugated sleeve for loading seeders
